Ms. Helen Shannon
U.S. Environmental Protection Agency
26 Federal Plaza
Room 2930
New York, New York 10278

Dear Ms. Shannon:

Former Raritan Arsenal (FRA)
Blue Spruce Site/Buildings 651 & 652

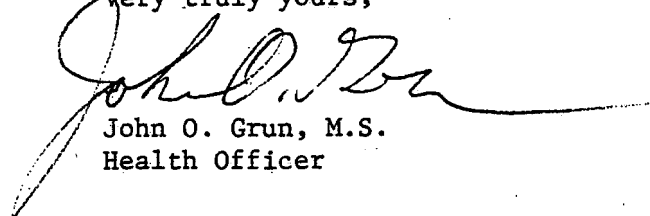

Enclosed please find a complete copy of the Edison Division of Health's entire file in reference to the Blue Spruce site in the former Raritan Arsenal. This site was brought to light as a spin-off of the Chemical Insecticide Corporation site in 1983 during the Statewide dioxin initiative at that time.

If there is other information on the Blue Spruce site, it would be appreciated if that could be forwarded to my attention, for inclusion in our central files.

The Division of Health is compiling, as time permits, further packages of related documents on the FRA and will forward those as soon as possible.

Please do not hesitate to call if there are any questions.

Very truly yours,

John O. Grun, M.S.
Health Officer
